

## AdvNLP– Preliminary information for students on the Moodle exam

The final examination will take place on your **personal computer** in the form of a **Moodle quiz**.

Please make sure you can identify yourself with your **student ID**.

Date: Thursday, 02.07. 2026, 14:00-16:00

Location: Zürich, Lagerstrasse 5, Sihlhof (for room details, see HWZ-display at entrance)

Length exam: 120 minutes.

Format:

- Online Moodle quiz
- Questions in random order with different weight
- Answers include text, numerical results of simple calculations and multiple choice selections
- Within the given question layout you can choose your own order, go back to a previous question or skip to a later one
- No additional upload of own solutions required or possible

Material allowed:

- Two A4 sheets of paper (front and back) of personal notes (4 pages, handwritten or typed)
- Supplementary sheets for own calculations / notes (will not be graded)
- Pens
- Non-programmable pocket calculator
- Laptop, charging cable
- Student ID

General rules:

- No question concerning the problems will be answered during the exam (If you don't understand a problem, make an assumption and explain it in your solution. It will be considered by the grader)
- Communication with others during the exam is forbidden
- Mobile phones must be turned off
- Internet access shall only be used to connect to Moodle
- Laptop is to be used for accessing the Moodle exam exclusively
- Laptop data privacy filters must be removed

Preparation:

- Study all chapters in the lecture notes and practical work / labs
- Study posts in the forum (see «Questions regarding courses and practical work»)

**Please make sure to submit your work at the end of the exam.**

**Good luck!**
